

Craig Karges

Craig Karges' performance is an extraordinary blend of mystery, humor, psychology and intuition. Karges dazzles the mind as he challenges his audiences to question what is real and what is unreal, what is possible and what is impossible. Dennis Miller, comedian and talk show host, put it this way after seeing Karges perform, "this weirds me out." A table "walks" on stage and then flies into the air! Borrowed finger rings from audience members are linked together in a chain! Thoughts are read and predictions are made and verified. Craig Karges risks his fee in a special demonstration. If he fails, the money is returned to the sponsor! Craig Karges dramatizes the unknown, the unexplained and the unbelievable. You don't just watch this performance, you experience it, through total audience participation.
