DJ RSP

From London to San Francisco to Boston, DJ RSP has entertained party goers from coast to coast. His talent to engage any crowd and audience is attributed to his diverse knowledge and experience with music as a DJ and a musician. He began to DJ at age 15 and is still playing alongside some of the hottest DJ's in the nation, while representing the Bay Area.

He has DJ'd internationally playing in London's most elite clubs: It was at these clubs where he was able to open for some of the biggest names in Desi music. Such acts include Dr.Zeus, Aman Hayer, as well as R&B legend Montel Jordan.

He has also been the resident DJ for Boston Bhangra; DJ'ing the 2006 and 2007 after parties with some of the best DJ's from Boston and NYC. Whatever the music is, DJ RSP has got you covered for a night you won't forget.
